DIAMOND STYLE C70

Diamond style C70

Product model	C70
Overall dimension	L 11500 x W3300 x H3400mm
Area covered	38m2
Maximum occupancy	4 persons (2rooms)
Maximum power consumption	12KW
Total net weight	9,5 tons
Indoor ground load	500 kg/m2

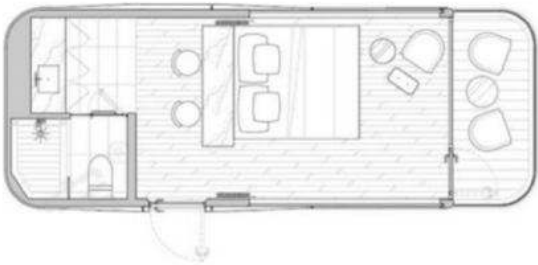

During the continuous upgrading iteration of the product,the pictures are for reference only, and the final appearance is subject to the delivered product/the indoor space can be customized according to customer needs

Classification	Item	Standard configuration	Remarks (customer customized requirements)
Main structure	Steel structure frame	Steel structure frame	1、 Color supports open customization;
	Exterior trim panel	Aluminum	2、 Floor heating facilities can be added according to local conditions
	Thermal insulation	100mm polyurethane insulation layer+extruded board	3、 Projection and electric projection screen equipment can be added according to the use requirements;
	Exterior wall glass	6+12A+6 hollow LOE-E glass or 6+6 laminated heat-insulating glass	4、 Upgradeable all-house high-grade soft leather decoration;
	Entrance doors	Intelligent access control system	5、 Doors can be specified according to project operation requirements
Built-in configuration	ceiling	Venerable integrated board	
	wall space	Venerable integrated board	Prohibited brands and models;
	floor	Premium wood grain lock floor	6、 The window and wall insulation system can be upgraded according to local conditions;
	scuttle	not have	7、 All indoor equipment can be matched with brands and styles according to demand;
	Indoor lighting effect	3000K warm yellow light	8、 Other customization requirements can be discussed,
	Outdoor light effect	4000K warm white light	9、 The total price of the product does not include taxes, transportation, installation and other costs
	curtain	Electric curtain	
	Intelligent control system	Electric curtain	
	Socket panel	Brand switch panel	
bathroom hardware	stool	Smart toilet	
	Flower sprinkling	Instant water heater integrated shower	
	Basin	undercounter	
	tap	Local faucet	
Whole house equipment	air-conditioning	Duct-type air conditioner	
	heater	Instant water heater	
	bath heater	Wind-heat three-in-one	
Product accessories (optional)	Underfloor heating	Electric floor heating	
	Pipeline antifreeze	Electric heat tracing	
	AV equipment	Projector	
	staircase	Build Keli personalized stairs	

Jade style E50

Product model	E50
Overall dimension	L 8500 xW3300 x H3
Area covered	28m2
Maximum occupancy	2 people
Maximum power consumption	12KW
Total net weight	9,5 tons
Indoor ground load	500 kg/m2

During the continuous upgrading iteration of the product,the pictures are for reference only,
